

# Podiatry

Overview 2018

- Podiatry Services Manual can be found in Chapter 519 Practitioner Services as Policy 519.13.
- West Virginia Medicaid coverage of podiatric services is limited to the examination, diagnosis, treatment, prevention, and care of conditions and functions of the foot and ankle.
- These services must be provided by an individual currently licensed under West Virginia law to practice podiatry, or under the laws of the State where the practice is conducted, and is eligible to participate in the West Virginia Medicaid Program.

- All requests for covered services requiring prior authorization must be submitted to the UMC (KEPRO) for medical necessity determination.
- If you are not registered with KEPRO, you can enroll by going to [c3wv.kepro.com](http://c3wv.kepro.com) and completing the Provider Self Enrollment.

[Provider Self Enrollment \(Providers Only\)](#)

- If you are currently faxing in prior authorization requests and would like to utilize the direct data entry portal, the medical department offers training for providers and office staff.
- If you are a first time user or just need a refresher, KEPRO offers training via webinar, phone, and various materials.
  - These are offered to make submitting online for Prior Authorization an easier process for providers.
- If you are interested in one-on-one training, please contact one of the training specialists.

# Master Code List (MCL)

- KEPRO keeps an up-to-date list of codes that require prior authorization on the [wvaso.kepro.com](http://wvaso.kepro.com) website.
- You can navigate the review areas (imaging, outpatient surgery, DME, etc.) by clicking the arrows (see red arrow).

# Master Code List (Continued)

- This list shows:
  - Service code
  - If a prior authorization is required
  - Code Description
  - If the code is priced
  - Age Restrictions
  - Service Limitations
  - Additional Information (diagnostic restrictions, etc.)
- While the MCL is a great tool, we do not suggest saving the MCL Excel file to your desktop. **Save the webpage to your favorites.**
- The MCL is updated quarterly. If the file is saved to your desktop it will not update, and the information you have will be out of date. By saving the webpage you will receive the most up-to-date information available.
